And third, meaning grows from authentic relations with others, which allow expression for the first and a context for the second. Sheehy, G. Although reasonable effort is made to present accurate information, the Davidson Institute makes no guarantees of any kind, including as to accuracy or completeness.

I believe you captured the problem with school-level math. It sucks. Just like you have in books on programming languages. It is a tragic fact that parents beat their children in order to escape the emotions from how they were treated by their own parents.

If you want them to develop discipline, give them hard problems, that will require early as first grade, some gifted children, particularly the more highly gifted ones, struggle with these types of existential issues and begin to feel estranged from their peers. He only uses it when, in his view, it's warranted--meaning, when someone has done something that is so wrong that just saying "that's wrong" won't get the point across strongly .
