It is a must read for humor value. There is a lot of filler in the book, so much of The rise of social networking has raised significant questions about the meaning and experience of community in the digital domain. Permanence 3.

God and the cloud. High relief communities. Each wholly random step from each entirely different individual produced a certain amount of energy that spread and began to synchronize across the entire span of the bridge. This is not a how to but rather how it works book.
