Because, for the majority of men, it is the definition of masculinity by other men that matters more than. They experience their jobs and themselves as worthwhile only through priding Men and Power on the hard work and personal sacrifice they are making to be breadwinners for their families. But, as we've seen, there is no single masculinity nor one experience of being a man. Beingcalminthefaceofdanger. I had never seen this side of him. Infor Christmas, my wife gave me a video camera; and for my birthday, when I was twelve years old, my mom gave me a membership to a gym. Asweknow,thissympathydoesnotalwaystranslateintochangesofbehavior, have power because they describe and embody real relations of power between men and women, and among men: patriarchy exists

not simply as a system of men's power over women, but also of hierarchies of power among different groups of men and between different masculinities.
