Marek 1. The number of Americans of mixed white and Asian descent grew by 87 percent. On top of an already shrinking number of places where teenagers can meet up and have fun, smartphones have increased what she terms "isolated socializing," which leads to less drinking and drug taking. Emailacustomizedlinkthatshowsyourhighlightedtext.However,itwasson Those former latchkey kids, who grew up on Nirvana records and slasher movies, have tried to give their children the safe, secure childhood that they never had, said Neil Howan

economist and the co-author of more than a dozen books about American generations. By that definition, millennials were born between about and are roughly 20 to 35 .

Howe, who runs Saeculum Research a Virginia-based social trends consultant
History of Aluminum Beverage Cans The modern aluminum beverage can traces its origins to when Coors introduced the first all-aluminum, seamless, two-piece beverage container. There's been a steady drip of articles stating that teenagers are over alcohol—that being a teen today is the same as joining a sanctimonious monk-cult, obsessed with organic food and extreme yoga.
