That is, I would remind the reader that she is here principally concerned with rethinking knowledge, not providing a blueprint for universal policy development or easy application of research to concrete social problems.

FrontmatterFullTextAccessAcknowledgementspp.Much of her work is informed by a concern for the public good, and can, indeed, also fit well with an audit culture in which minute measurement is more highly valued than complex and

diverse achievements. Enter the email address you signed up with and we'll email you a reset link.
