L'installation de nouveaux agriculteurs ne passe que par un milieu accueillant et susceptible de les faire vivre. The system practiced brings about a certain capacity of adaptation, but the devotion to allegation of a certain professional "pride" is a stumbling block for the implementation of bear subsidies.

Eh bien, il n'en est rien! C'est une question politique et non technique. It is therefore essential to determine the right time to move livestock to suitable specific sites throughout the summer. Long-term evolutionary history of a grassland ecosystem as well as history of last few centuries is therefore essential to understanding its response both to management and to new pressures on it. Talandier M. Sinon, il serait inutile de discuter. Y a-t-il d'autres observations?
