The definition of Message in Communication

Messages, Meanings and Symbols: The Communication of ylutiquozet.cf Charles T. Meadow. Article in Library & Information Science Research 29(2)

A symbol is a mark, sign or word that indicates, signifies, or is understood as representing an object. The variable 'x', in a mathematical equation, may symbolize the position of a particle in space. Symbols are used in cartography to communicate geographical information (generally as point, line, or area features). As with other.

The symbols can be words and numbers, images, face It is a process of interpretation and translation of coded information into a comprehensible form. Hall further explains that the meanings and messages in the.
