The book also presents cases off the conventional map of global cities research, such as smaller cities and less known urban regions that are undergoing processes of globalization. The appeal of avant-garde designs by world-renowned architects has gone beyond commissioning star architects for urban spectacles to the extent of disregarding intellectual property rights and originality.

ExploreMoreHistoryBooks.EastAsiaModern. Remove FREE. Sold by. She depicts in sharp detail an emerging landscape of towering skyscrapers, prestige projects, and rising land values where public officials and private developers create world cities as national symbols of a new China.
