Now for the second: Egypt is a country in the continent of Africa. Of course not.

DonotethatSouthAsiansweredisardedfromtheAsiancategorysothatAsian Make no mistake, this choice women make have more to do with maternal instincts than racial preferences for themselves. Well, it is precisely because academia shuts down all discussion of race which does not toe the proper political line that makes it difficult to even research such things, as the literature not to mention the Internet is awash in avalanches of misinformation, coming from both academia on one side and actual racists on the other.
